

## **Reverse 911 Calls to Cell Phones**

If you would like your cell phone to be on record for “Reverse 911” calls, visit the Norfolk County Sheriff’s Department website at [www.norfolksheriff.com](http://www.norfolksheriff.com). Click on Rapid Alert Notification System (RANS). At the bottom of the RANS information section, go to “Click here” to start to receive emergency phone updates. Complete the information with your location details and contact information. If you need access to a computer, the senior center has computers available in the Coppola Computer Lab for your use. Call 508-543-1252 to check on the availability of the computer lab or if you need assistance with the website.
