

Community VNA

Alzheimer's Disease and Dementia

*Gain Insight into Understanding
and Communicating*

Tuesday, August 23, 2011

6:30PM -8:00PM

Community VNA, 10 Emory Street, Attleboro MA

Community VNA will host Peter Ham, M.A., L.M.H.C. for this informative workshop designed to understand the process of Alzheimer's disease and other dementias. Peter will address approaches that work when communicating with the individual diagnosed with a cognitive decline.

About the presenter

Peter Ham is a licensed mental health counselor who has been providing psychiatric services to the elderly for over 26 years. He is an active participant in the Alzheimer's Association, Alzheimer's Partnerships and leads an early stage Alzheimer's support group for individuals and their care partners.

Pre-registration is required.
