To clarify the new watering restrictions:

Yes; hand-held hoses, are allowed any day before 9 AM, or after 5 PM.

From the permit:

Examples of **acceptable** outdoor water uses outside the restricted hours of 9 AM and 5 PM include:

1. Irrigation to establish a new lawn in the months of May and September, with a waiver obtained at the Water Department;
2. Irrigation for the production of food and fiber, or the maintenance of livestock;
3. Irrigation by plant nurseries as necessary to maintain stock;
4. Irrigation by golf courses as necessary to maintain tees and greens only; and
5. Irrigation of public parks and recreational fields.

The Water Management Act restrictions are imposed on Foxborough solely based on the amount of residential use that the Water Department reported to MassDEP last year. Our limit is 65 gallons per person per day; residential use was 68 gallons per person per day.
