**SRPEDD** is **Southeastern Regional Planning and Economic Development District**, the regional planning agency serving the 27 cities and towns in Southeastern Massachusetts. SRPEDD provides assistance to these communities by undertaking studies, making recommendations and advising in the areas of physical, social and economic development. Created under Massachusetts State Law and governed by a Commission of local officials and citizens representing the area's mayors, selectmen, planning boards and at-large members, SRPEDD plans for the region's transportation, land use, economy and environment while assisting member cities and towns to operate more efficiently.

The Route 140 Corridor study area will span from Route 123 in Norton, the entire length of the corridor in Mansfield and conclude in the area of the Regional Charter School in Foxborough. The study will be looking at safety and congestion issues along the corridor.
