NOTICE
MULCH AVAILABLE @ COMPOST SITE
SEPTEMBER 28, 2009

During The week of September 28, 2009 our subcontracted grinding service will be grinding the brush at the Compost Site. The product is a low to medium grade mulch with wood chips.

This recycled material is available to all residents and landscapers.

The material should be available through November.

Please take all you need; the more the better; as it reduces the cost of final disposal.

The material should not be placed around or abutting building foundations as it is not treated like commercially available material. It makes for great mulch around trees and flower beds.

The Compost Site is located at 70 Elm Street. Hours of operation are Monday through Saturday 7:30 AM to 3:45 PM. The Compost Site must be vacated by 4:00 PM to minimize overtime payment to our employees.

Thank you for your adherence to this rule.

Compost material is also available for your planting needs.

Should you have any questions please call the Highway Department at 508-543-1228.
