NOTICE
2012 STREET REPAVING &
STREET CUT MORATORIUM

The DPW will be performing major roadwork and paving on the following roads this construction season. We are giving you advance notice of this work so that you may have any work that would require cutting the street pavement completed prior to any street paving operation. *This would include conversions from oil or electric heat to gas & water service installations.* Once the paving is completed there will be a 5-year moratorium on street cuts.

Please contact us with any questions or if you have any potential need to cut the street. This is especially true for any help you may need with Columbia Gas (Bay State Gas) to get a gas service into your property. We can help you with the gas company and recommend that you contact us immediately if you want to switch to natural gas.

- Cocasset Street – From Elm Street to Winter Street
- Green Street/Route 106 – From Hampshire Street to North Grove Street

Thank you for your assistance in this effort to improve the condition of your street.

Roger Hill
DPW Director
