

Eric Arvedon asked where the fish was coming from and how it will get to the Site location. Mr. Poce stated all fresh fish would be coming from either New Bedford or Boston. Frozen fish would be supplied from a licensed distributor. He stated fresh fish would be delivered by a refrigerated truck or he would pick up the products himself and transport them on ice.

Eric Arvedon commented that the Board had heard a lot of information regarding this mobile unit and would like to focus the discussion on the Board's approval of a mobile operation to sell raw fresh and frozen fish only.

John Robertson asked Mr. Poce what will happen to Mr. Poce's fish inventory if not sold by Friday when the truck needs to be returned to the Seller. Mr. Poce stated that he hopes to have sold out by then, but if not will look for a licensed restaurant to store his leftover inventory. Mr. Robertson wanted to make sure inventory between the two separately licensed establishments is not co-mingled. Mr. Poce stated co-mingling would not occur.

The Board asked about power for the unit. Mr. Poce discussed the use of a generator, as well as the possibility of pulling power through the use of cords from the Foxboro Terminal. In the future, he would like to explore the possibility of hard wiring from the Foxboro Terminal or connecting to the existing pole on Site. Eric Arvedon expressed his concern on the use of portable power, specifically overnight. Paul Steeves stated he would not approve this mobile permit unless equipped with a source of permanent power.

Paul Steeves made a motion to approve Andrew Poce for a mobile food license, and allow for the sale of raw fresh and frozen fish only, from his mobile retail truck unit on the corner of North Street and Washington Street, contingent on the following conditions:

- The mobile unit passes the inspection performed by the Health Department.
- The truck must be supplied by a source of permanent power that has been approved and inspected by the Town of Foxborough electrical inspector.
- The Department is in receipt of the establishment's State license from the Division of Marine Fisheries.
- Proper and adequate handwashing as well as cleaning and sanitizing procedures must be provided and approved by the Department.

This approval is good for 90 days and the Board will re-evaluate at that time. Paul Mullins seconded the motion. All in favor, 3-0.

Discussion concluded with reminders to Mr. Poce that the Department still requires the submittal of the Mobile Plan Review Application as well as the 2017 and 2018 Mobile Food and Beverage Application which needs to include all up to date certifications and insurance information. An inspection of the mobile truck unit must also be scheduled by calling the office.

Hearing no other discussion related to Mr. Andrew Poce and his new mobile unit, Eric Arvedon called the matter closed at 8:03.

8:03 p.m. Paul Mullins made a motion to approve the minutes of September 25, 2017 as written. Paul Steeves seconded. All in favor, 3 – 0.

8: 04 p.m. Paul Steeves made a motion to approve the following bills:

P.Z. - November Communications	\$50.00
D.P. – November Communications	\$50.00
HealthCare Options, Inc. (October)	\$2415.42
HealthCare Options, Inc. (November)	\$2415.42
P.Z. – Mileage Reimbursement (Conference)	\$57.78
Logo Sportswear, Inc.	\$111.34
Foxboro Reporter	\$100.81
W.B. Mason	\$296.03
The Arc South Norfolk	\$812.83
The Pro’s Car Care Complex	\$20.00
Commonwealth of MA	\$78.00
Rea-Craft Press, Inc.	\$70.00
Rea-Craft Press, Inc.	\$108.00
John Robertson, Jr. – Inspection Supplies	\$11.67

Paul Mullins seconded. All in favor, 3 – 0.

8:04 p.m. Health Directors Updates

Health Director, Pauline Zajdel was not present.

- Eric Arvedon welcomed the new Assistant Health Agent/Sanitarian John Robertson, Jr. to the Town. Mr. Robertson thanked the Board and stated how he had been introduced to the many areas the Health Department is involved in.
- Eric Arvedon made the Board aware of the call he received from Pauline Zajdel this past Sunday. Board of Health presence was required at Antonia’s Deli after the establishment was affected by smoke and concrete dust debris caused by construction from the neighboring unit. Eric Arvedon discussed remediation and advised the Owner, Ezio Torsiello, of those items requiring disposal. Eric Arvedon also ordered the use of a professional company for the remediation. John Robertson stated that he and Kevin Duquette performed an inspection this morning. At the time of the inspection, areas within the back of the house had been cleaned and the professional company was continuing to clean the front dining area. The establishment was remaining closed for the remainder of the day and a third inspection is scheduled for tomorrow.

- The Board reviewed the Animal and Fowl regulations, specifically the definitions of “Animal” and “Household Pet”. The Boards interpretation is that if the animal resides in the dwelling, it is considered a household pet. Should the animal be removed from the dwelling to permanently reside outside, it would be considered an animal that would be subject to all requirements set forth in these regulations.

8:42 p.m. Paul Mullins made a motion to adjourn. Paul Steeves seconded.
All in favor, 3 – 0.

The next meeting will be November 27, 2017.

Paul Steeves, Clerk/dp
