Foxborough, MA 02035

Re: Application for Digital Sign Modification 124 Washington Street

Dear Zoning Board Members and Staff,

The proposed modification to the existing billboard at 124 Washington Street consists of replacing the current static, vinyl 14' x 48' advertising panel on the southern side of the board with a 14' x 48' electronic digital display. There will not be enlarging of the advertising space nor will there be any further modification to the structure. The digital display does not include any moving or animated images, and no fade in/fade out between images. Advertisements change instantaneously every ten seconds. The brightness of the display adjusts automatically to ambient light outside and conforms with all state regulations. This modification is a routine change to a more modern form of advertising that allows numerous messages to be conveyed; these displays also allow us to show time sensitive announcements about local events, weather advisories and urgent safety matters such as Amber Alerts.

Regards,

A handwritten signature in black ink, appearing to read "Matt Renninger", is written over a large, light-colored oval shape that serves as a background for the signature.

Matt Renninger  
Real Estate Manager  
Lamar Advertising Company

## RECORD AND DECISION

October 2019

Case No. 2019-11

Name of Applicant:

Lamar Advertising Company

Nature of Application:

Request pursuant to the *Code of the Town of Foxborough, Massachusetts, Chapter 213: Signs*, for (i) a Special Sign Permit under *Section 213-3.C.(1)(a)* and *Section 213-6.A.(1), Table 2: Sign District 1 Dimensional Requirements*, to install a two-sided, 672 square foot billboard, and (ii) for a Special Sign Permit pursuant to *Section 213-3.C.(1)(g)* to permit the height of the Proposed Billboard to exceed the 50-foot maximum allowable height for billboards as set forth in such *Table 2*. The proposed billboard is to be situated on property in Sign District 1 at 124 Washington Street, Foxborough, Massachusetts.

A Public Hearing concerning the referenced Application was held by the Foxborough Zoning Board of Appeals (the "Board") at 7:00 p.m. on Thursday, October 17, 2019, in the Community Meeting Room of the Boyden Library, 10 Bird Street, Foxborough, Massachusetts, after notice by publication in *The Foxboro Reporter*, by posting on the Notice Bulletin Board in the Foxborough Town Hall, and by mailing to abutters within 300 feet of the property lines of the lot on which the sign that is the subject of this Application is to be installed. The following Members of the Board were present and acted on the Application throughout:

Barnett D. Ovrut, Chairman  
David J. Brown, Member  
Kimberly A. Mellen, Member.

This matter concerns the request of Applicant Lamar Advertising Company ("Lamar Advertising") pursuant to the *Code of the Town of Foxborough, Massachusetts, Chapter 213: Signs* (the "*Sign Bylaw*") that the Board grant (i) a Special Sign Permit under *Sign Bylaw*

*Sections 213-3.C.(1)(a) and 213-6.A.(1), Table 2: Sign District 1 Dimensional Requirements*, to allow the construction and operation of a two-sided, 672 square foot billboard (the “Proposed Billboard”), and (ii) a Special Sign Permit under *Sign Bylaw Section 213-3.C.(1)(g)* to permit the height of the Proposed Billboard to exceed the 50-foot maximum allowable height for billboards that is set forth in *Sign Bylaw Table 2*. The Proposed Billboard will be situated on property (the “Subject Property”) in Sign District 1 at 124 Washington Street, Foxborough, Massachusetts. The Subject Property is owned by the Pine Brook Office Park Condominium Association.

Lamar Advertising was represented at the hearing by Matt Renniger, a Lamar Advertising Real Estate Manager; Michael F. Murphy, a Lamar Advertising Vice President/General Manager; and Gregory P. Spier, the President of Maystar Realty Corporation and Trustee of Maystar Realty Trust.<sup>1</sup> They collectively noted that the Proposed Billboard would be two-sided, with each side being 14 feet x 48 feet in area (672 square feet in area); would be approximately 60 feet high; and would be more than 500 feet from any other of the billboards that currently are situated on Washington Street. Illumination would be until midnight by LED lights located at the bottom of the Proposed Billboard, with lighting directed toward the Proposed Billboard itself. Lamar Advertising will own and operate the Proposed Billboard.

The construction and design of the Proposed Billboard are more particularly described in a plan by Outdoor Specialist, Inc. (the “Outdoor Specialist Plan”), a copy of which is attached to this Decision and incorporated herein by reference as Exhibit A. The location of the Proposed Billboard on the Subject Property is more particularly described in three plans by Bay Colony Group, Inc. (collectively the “Bay Colony Plans”) that are dated July 2, 2019 and that are individually entitled Zoning Board of Appeals Plan, Locus Plan and 680’ Radius Plan. Copies of the Bay Colony Plans are attached to this Decision and incorporated herein by reference as Exhibit B.

Billboards are permitted in Sign District 1 in accordance with *Sign Bylaw Section 213-5.A.(1), Table 1: Permitted Signs*, and *Sign Bylaw Table 2*.<sup>2</sup> Pursuant to the latter, the maximum permissible area of a billboard is 672 square feet, and the maximum permissible height of a billboard is 50 feet. In accordance with Note 2 to *Sign Bylaw Table 2*, billboards are permitted only on property having frontage on Washington Street; must be set back at least 10 feet from any lot line of the property on which situated; and cannot be placed within a 500-foot radius of any other billboard.<sup>3</sup>

---

<sup>1</sup> The Subject Property is the location of an office condominium building. Maystar Realty Corporation and Maystar Realty Trust each own one or more units in such building. The Application incorrectly stated that the owner of the Subject Property is Maystar Realty Corporation. Mr. Spier executed the Application to authorize Lamar Advertising to act on the matter. The Board is of the assumption – and takes no position concerning such issue – that such action by Mr. Spier either has been properly authorized by the various members of the Pine Brook Office Park Condominium Association, or otherwise is permitted by that organization’s condominium documents.

<sup>2</sup> Per Note 2 of Sign Bylaw Table 2, billboards are permitted only on properties that have frontage on Washington Street.

<sup>3</sup> Note 2 of *Sign Bylaw Table 2* permits billboards that are set back at least 100 feet from the lot line of the property on which situated to be 25% larger in area and 15% higher than the dimensions set forth in such table, and permits billboards that are set back 350 feet from the street line of the property on which situated to be 50% larger in area and 25% higher than such dimensions.

As reflected in the Bay Colony Plans, the Proposed Billboard will be set back 16 feet from the Washington Street roadway and 48 feet from the Subject Property's closest lot line. Such plans also indicate that no other billboard currently is situated within a 500-foot radius of the Proposed Billboard.<sup>4</sup> However, as noted both in the Outside Specialist Plan and at the hearing by Mr. Renniger, the Proposed Billboard will be approximately 60 feet in height—thereby exceeding the *Sign Bylaw's* 50-foot height limitation. It was stated at the hearing that such excess height is required because the area of the Subject Property on which the Proposed Billboard is to be situated is roughly 10 feet below the Washington Street road grade. Accordingly, by allowing the Proposed Billboard to exceed the *Sign Bylaw's* 50-foot height limitation as requested, the Proposed Billboard would be 50 feet above the road grade.

A Special Sign Permit granted by the Board is required pursuant to *Sign Bylaw Section 213-3.C.(1)(a)* and *Sign Bylaw Table 1* as a condition to the construction and operation of a billboard. Factors that the Board is required to consider with respect to an application for a Special Sign Permit are set forth in *Sign Bylaw Section 213-3.C.(2)*. These include the following: the Design Guidelines that are set forth in *Sign Bylaw Section 213-7*; the impact that a Proposed Billboard will have on the *Sign Bylaw's* purpose, on neighboring properties, and the character of the area in which such sign is to be located; the location and visibility of a proposed sign from any public way or public park; a proposed sign's proximity to existing signs, including its proximity to similar signs; the proximity and visibility of a proposed sign to residential uses; the nature and condition of other structures or land uses on the property on which a proposed sign is to be situated; public safety issues or concerns that a proposed sign may create or impact; the illumination of a proposed sign and its size, height materials and colors; and any benefit that the Town of Foxborough, the Town's residents or the general public may realize from any such sign. The Board in granting a Special Sign Permit is permitted pursuant to *Sign Bylaw Section 213-3.E.(10)* to impose such reasonable conditions, restrictions or limitations on the location, number, size, illumination, condition or materials of a proposed sign as it deems appropriate in its discretion.

The Board in consideration of the Application takes note of the fact that, with one exception, the Proposed Billboard complies with the dimensional requirements for billboards that are set forth in *Sign Bylaw Table 2* and Note 2 of such table. In view of the commercial nature of Washington Street and the fact that a number of billboards currently are installed on that roadway, the construction and operation of the Proposed Billboard would not be out-of-character with such area. The Board has no reason to believe – and no evidence of this nature was presented to the Board at the hearing or otherwise – that an additional billboard on Washington Street would create traffic or safety concerns and issues in addition to those that currently exist on that road. The design and construction of the Proposed Billboard is comparable to that of the various other billboards that are situated on Washington Street. Because no residential areas are situated on Washington Street within close proximity to the Subject Property, the Proposed Billboard will not adversely impact any residential use. To the extent that Foxborough businesses (whether situated on Washington Street or elsewhere) may desire an additional advertising mechanism on Washington Street, they ultimately will benefit from the construction and operation of the Proposed Billboard. Finally, the Town of Foxborough will benefit from

---

<sup>4</sup> It was stated at the hearing that the closest billboards to where the Proposed Billboard would be situated are 728 feet to the north and 1,378 feet to the south.

any additional tax or other revenue that it might realize from the eventual installation and operation of the Proposed Billboard.

The Board additionally notes that authorizing the Proposed Billboard to be constructed to a height of 60 feet is warranted by reason of the physical features of the Subject Property. Permitting the Proposed Billboard to be constructed to such height will – due to the fact that the portion of land on which it is to be installed is 10 feet below the Washington Street road grade – effectively allow the Proposed Billboard to be constructed to the maximum height that the *Sign Bylaw* authorizes, thereby enhancing the structure's visibility to motorists travelling on Washington Street.

The Board accordingly voted unanimously (3-0) on motion duly made and seconded to approve the Application and to grant each of the requested Special Sign Permits subject to the following conditions:

1. The Proposed Billboard shall not exceed 672 square feet in sign area; shall not exceed 60 feet in height; shall be set back at least 10 feet from each lot line of the Subject Property; and shall be situated on the Subject Property such that it is outside a 500-foot radius from any other existing static billboard. The edge of the Proposed Billboard shall be not less than 16 feet from Washington Street's road layout.
2. The construction and design of the Proposed Billboard shall be as set forth in the Outdoor Specialist Plan. The Proposed Billboard shall be situated on the Subject Property as set forth in the Bay Colony Plans.
3. The Proposed Billboard shall be illuminated by LED lights situated at the bottom of the Proposed Billboard facing up toward the sign area. No lighting wash shall be permitted beyond the area of such sign.
4. No modification of the Proposed Billboard as set forth in this Decision shall be permitted without written approval by the Board.
5. Lamar Advertising in accordance with *Sign Bylaw Section 213-3.E.(11)* shall establish a bond or other financial surety with the Town of Foxborough Treasurer in the amount of \$20,000 toward payment of the cost of future removal of the Proposed Billboard in the event of its abandonment.
6. The Special Sign Permits that have been granted by the Board in accordance with this Decision are specific to Lamar Advertising and, in accordance with *Sign Bylaw Section 213-3.J.*, may not be assigned, transferred or conveyed to any other person or entity without the prior written authorization of the Board.
7. In the event that Lamar Advertising transfers ownership of the Proposed Billboard to any other person or entity at any time subsequent to the issuance of this Decision, the new owner of the Proposed Billboard shall be required as a condition to the continued operation of such sign to obtain Special Sign Permits from the Board and to establish a bond or other financial surety with the Town of Foxborough Treasurer in an amount to be determined by the Board in its discretion toward payment of the cost of future removal of the Proposed Billboard in the event of its abandonment.
8. Lamar Advertising shall obtain such permit or permits as may be required for the construction and operation of the Proposed Billboard from the Director of the Office of

Outdoor Advertising within the Commonwealth of Massachusetts Department of Transportation, and from the Town of Foxborough Building Commissioner.

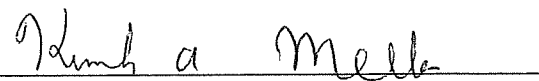

The foregoing is a true copy of Decision No. 2019-11 as issued by the Board of Appeals of Foxborough, Massachusetts. Duplicate original counterpart copies of this Decision have been filed with the Foxborough Town Clerk and the Foxborough Planning Board, and have been mailed to Lamar Advertising. Any person aggrieved by this Decision may appeal to a court of competent jurisdiction within thirty (30) days of its filing with the Foxborough Town Clerk. This Decision shall take effect when such appeal period has lapsed and no appeal hereof shall have been taken, or, if appealed, such appeal shall have been dismissed or denied.

**RECORD AND DECISION**

April 2022

Case No. 22-05

Name of Applicant:

Lamar Advertising Company

Nature of Application:

Request pursuant to the *Code of the Town of Foxborough, Massachusetts, Chapter 213: Signs*, to modify Condition 1 that was imposed in connection with the Special Sign Permit granted in Case No. 2019-11 authorizing the construction and operation of a static billboard situated on property in Sign District 1 at 124 Washington Street, Foxborough, Massachusetts.

A Public Hearing concerning the referenced Application was held by the Foxborough Zoning Board of Appeals (the "Board") at 7:00 p.m. on Thursday, April 21, 2022, in the Andrew A. Gala Jr. Meeting Room of the Foxborough Town Hall, 40 South Street, Foxborough, Massachusetts, after notification by publication in *The Foxboro Reporter*, by posting on the Notice Bulletin Board in the Foxborough Town Hall, and by mailing to abutters within 300 feet of the property lines of the lot on which the sign that is the subject of this Application is to be installed.<sup>1</sup> Members of the Board present and acting on the Application throughout were:

Barnett D. Ovrut, Chairman  
Kimberly A. Mellen, Member  
Lorraine A. Brue, Associate Member.<sup>2</sup>

This matter concerns the request of Applicant Lamar Advertising Company ("Lamar Advertising") pursuant to the *Code of the Town of Foxborough, Massachusetts, Chapter 213: Signs* (the "*Sign Bylaw*") to modify condition 1 that was imposed by the Board with respect to the special sign permit granted in Case No. 2019-11. That permit authorized Lamar Advertising to construct and operate a two-sided, 672-square foot static billboard (the "Proposed Billboard")

---

<sup>1</sup> The hearing was held in accordance with Chapter 20 of the Massachusetts Acts of 2021 in person and by remote/virtual means. All Members of the Board and the representatives of the Applicant as referenced in the text, below, participated in the hearing in person.

<sup>2</sup> Ms. Brue heard and voted on this matter due to the absence from the hearing of Board Member David J. Brown.

on property (the "Subject Property") situated in Sign District 1 at 124 Washington Street, Foxborough, Massachusetts. The Subject Property is owned by the Pine Brook Office Park Condominium Association. Gregory P. Spier, Trustee of such association, executed the Application both in this case and in Case No. 2019-11 to authorize Lamar Advertising to act on the pertinent matters.

The construction and design of the Proposed Billboard as presented and then approved by the Board in its decision in Case No. 2019-11 is described in a plan by Outdoor Specialist, Inc. (referenced in such decision as the "Outdoor Specialist Plan"). The location of the Proposed Billboard as presented and then approved by the Board in such decision is more particularly described in three plans by Bay Colony Group, Inc. (collectively referenced in that decision as the "Bay Colony Plans"). Copies of the Outdoor Specialist Plan and the Bay Colony Plans are respectively attached to the decision in Case No. 2019-11 and incorporated therein by reference as Exhibits A and B. As reflected in the Bay Colony Plans and as approved and required by the Board pursuant to condition 1 of such decision, the edge of the Proposed Billboard is to be set back 16 feet from Washington Street.<sup>3</sup> Notwithstanding such condition, it was determined earlier this year during a site inspection by Paul DeBaggis, the Town of Foxborough's then Interim Building Commissioner, that the edge of the Proposed Billboard upon final construction would be significantly closer to the Washington Street roadway than as required. This is reflected in a plan prepared by Bay Colony Group, Inc. that was submitted as part of the present application, showing that the existing location of the Proposed Billboard would be 5.2 feet from the Washington Street roadway.

Lamar Advertising was represented at the hearing by Matt Renniger, a Lamar Advertising Real Estate Manager, and William Casbarra, Foxborough's former Building Commissioner.<sup>4</sup> Mr. Renniger stated that locating the Proposed Billboard such that the edge of its sign would be within the setback required by the Board was done in error. He noted that this would be corrected in accordance with a construction plan that had been prepared by RMG Outdoor, Inc. (the "RMG Plan"), and with a plan by Bay Colony Group, Inc. (the "Revised Bay Colony Plan") showing that the edge of the Proposed Billboard would be 11.5 feet from the Washington Street roadway. The RMG Plan and the Revised Bay Colony Plan are respectively attached to this Decision as Attachments A and B, and are incorporated herein by reference thereto.

The Board after discussion was of the consensus that modification of the second sentence of Condition 1 as requested was warranted. It noted in this respect that because Note 2 of *Sign Bylaw* Section 213-6.A.(1) requires billboards to be set back at least 10 feet from the lot line of the property on which installed, modifying Condition 1 to require the edge of the Proposed Billboard to be 11.5 feet from the Washington Street roadway would comply with that requirement. The Board further indicated that because the Proposed Billboard's specifications would be subject to the RMG Plan as opposed to the Outdoor Specialist Plan, and because the structure's location on the Subject Property would be in accordance with the Revised Bay Colony Plan rather than the initial Bay Colony Plans, modification of Condition 2 of Case No.

---

<sup>3</sup> The second sentence of Condition 1 imposed by the Board in its decision in Case No. 2019-11 provides as follows: "The edge of the Proposed Billboard shall be not less than 16 feet from Washington Street's road layout."

<sup>4</sup> Mr. Casbarra consulted with Lamar Advertising both with respect to Case No. 2019-11 and this matter. He also represented Mr. Spier in this case per the latter's authorization. Mr. Spier was not present at the hearing.

2019-11's decision was necessary and appropriate. Accordingly, the Board voted unanimously (3-0) on motion duly made and seconded to modify its decision in Case No. 2019-11 and the special sign permit that was granted therein as follows:

1. Deleting the second sentence of Condition 1 and replacing it with the following new sentence: "The edge of the Proposed Billboard shall not be less than 11.5 feet from Washington Street's road layout."
2. Deleting the references in Condition 2 to the Outdoor Specialist Plan and the Bay Colony Plans, respectively replacing them with the RMG Plan and the Revised Bay Colony Plan, and rewording such condition to read as follows: "The construction and design of the Proposed Billboard shall be as set forth in the RMG Plan. The Proposed Billboard shall be situated on the Subject Property as set forth in the Revised Bay Colony Plan."

The remaining conditions as set forth in the decision in Case No. 2019-11 are not amended, modified or revised by this Decision and remain in full force and effect.

The foregoing is a true copy of Decision No. 22-05 as issued by the Board of Appeals of Foxborough, Massachusetts. Duplicate original counterpart copies of this Decision have been filed with the Foxborough Town Clerk and the Foxborough Planning Board, and have been mailed to Lamar Advertising. Any person aggrieved by this Decision may appeal to a court of competent jurisdiction within thirty (30) days of its filing with the Foxborough Town Clerk. This Decision shall take effect when such appeal period has lapsed and no appeal hereof shall have been taken, or, if appealed, such appeal shall have been dismissed or denied.
