

APPENDIX C

“AS-BUILT” PLAN REQUIREMENTS

All “as-built” plans shall contain the following information. Any questions concerning these requirements shall be directed to the office of the Town Planner at (508) 543-1250 or by facsimile at (508) 543-1235 during regular business hours.

1. Actual center line profile grades.
2. Actual rim and invert elevations of all drainage structures.
3. Location of all bounds.
4. Location of all fire hydrants, water gates and service boxes with station and offsets.
5. Location of all structures and driveways.
6. Location of all street lights, electric boxes and underground utilities such as electric, gas, cable and telephone.
7. Location of gas mains and services.
8. Location of detention/retention facilities or pre-treatment marshes with inlet and outlet elevations.
9. Location of all easements.
